EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Sixty-third Meeting
Montreal, 4-8 April 2011

STATUS OF CONTRIBUTIONS AND DISBURSEMENTS

The Status of the Fund as at 1 March 2011

Report from the Treasurer

1. The tables in Annex I to this document provide information on the Status of the Fund as recorded at UNEP as at 1 March 2011. At that date, the fund balance stood at US \$139,090,813. This is the net balance after taking into account all the funds approved by the Executive Committee, up to and including the 62nd Meeting.
2. The Parties should recall the importance of decision XI/6 paragraph 7 of the 11th Meeting of the Parties which urges Parties to “strive to pay their contributions as early in the calendar year as possible and not later than 1 June of each year. Parties unable to make their contributions by 1 June should notify the Treasurer as to when during the calendar or fiscal year their payment will be made, but contributing Parties should strive to pay their contributions no later than 1 November of that year.” Parties should also recall decision XVII/41 paragraph 5 which urged “Parties to pay their contributions to the Multilateral Fund in full and as early as possible in accordance with paragraph 7 of decision XI/6”.
3. In decision XVI/37 taken by the Parties at their 16th Meeting, it was noted that some Parties not operating under paragraph 1 of Article 5 have never paid their contributions to the Multilateral Fund or have done so at an amount inferior to one annual contribution. The Meeting of the Parties urged those Parties to pay their outstanding contributions to the Multilateral Fund as soon as possible, in view of the current compliance needs of Parties operating under Article 5 of the Montreal Protocol.
4. The Treasurer dispatched notices in early January 2011 to all Parties with outstanding pledges, advising them of their pledged contributions for 2011 and reminding them of their obligation. As at 1 March 2011, ten Parties have paid their 2011 contributions either in full or partially, representing 4.8 percent of payments against total 2011 pledges. In addition, five Parties have, since the last meeting, made payments towards the settlement of their pre-2011 outstanding pledges. As a follow-up to

decision 41/2, the list of outstanding contributions for certain countries with economies in transition will continue to be available upon request.

5. During the audit of the 2008 accounts of the Multilateral Fund, the UN Board of auditors in their report recommended that UNEP disclose, by way of a note in the financial statements, delays in the collection of the outstanding contributions. By decision 62/64(c)(i) the Executive Committee requested the Treasurer to bring to its attention any change UNEP intended to make in the presentation of long-outstanding pledges in the Multilateral Fund accounts. The current policy of UNEP regarding outstanding pledges to the Environment Fund is to write-off, with the approval of the Governing Council, all pledges remaining unpaid after four years. Pledges to Multilateral Environmental Agreements (MEAs), including the Multilateral Fund, involve a budget that has been approved by the Parties and are only written off with the approval of the Parties to that MEA. In order to comply with the audit recommendation, and also the UN mandate that all Agencies become compliant with the International Public Sector Accounting Standards (IPSAS), UNEP is proposing the introduction of a "Provision for doubtful debts accounts" in its accounting books. The provision will be made in the accounting books for all pledges remaining unpaid after four years. The amount of the past due pledges four years or older would be reflected in the accounts of the Fund and the charge would be recorded as a prior period adjustment to the fund balance. The accounts receivable for the Multilateral Fund would reflect the full amount of pledges recorded. The actual write-off will be undertaken only after the Meeting of the Parties to the Montreal Protocol has approved them. Therefore the authority to write-off any long outstanding pledge continues to remain with the Meeting of the Parties.

6. The establishment of a provision for a doubtful debts account would also be in line with the Fund Secretariat's practice for determining the amount of outstanding pledges being carried over from one replenishment period to the other. At the end of each replenishment period, the Secretariat calculates the amount of the Fund's liquid assets that is to be carried over into the new replenishment period. This information is required in order to determine the net amount of new contributions by the Parties in the new replenishment period. In the process of the calculation of the carry-over balance, the long-outstanding pledges are not included. This is to ensure that only assets considered liquid enough at the time are included. In the same way, the introduction of this account would ensure the amounts of the outstanding pledges shown in the balance sheet of the Fund are only those considered collectible in the period. This proposed change in the accounts would remove the perennial concern expressed by the United Nations Board of Auditors to qualify the accounts of UNEP and those of the Fund.

7. Paragraphs 1 and 2 of decision XX/2 of the Twentieth Meeting of the Parties to the Montreal Protocol directed the Treasurer to extend the fixed-exchange-rate-mechanism (FERM) to the period 2009-2011. The decision states that Parties choosing to pay in national currencies will calculate their contributions based on the average United Nations exchange rate for the six-month period commencing 1 January 2008.

8. Executive Committee decision 57/2(c) urged "Parties eligible to use the fixed-exchange rate mechanism (FERM) to advise the Treasurer of their intention to do so before the 58th Executive Committee meeting." So far twenty countries have opted to use the FERM in this replenishment period. Information on the FERM has been updated and reflects a gain due to the FERM of US \$30,437,792 since the inception of the mechanism.

9. In response to decision 45/59(f)(i) requesting the Treasurer "to circulate to the Secretariat and implementing agencies prior to each Executive Committee meeting, a ledger indicating when promissory notes are transferred, received and encashed", and to advise on the status of Promissory Notes, two tables relating to promissory notes as at 1 March 2011 have been added to the present report. Also included is a third table which provides information on the period of encashment for outstanding promissory notes.

10. The present report on the Status of the Fund for the 63rd Meeting of the Executive Committee is abbreviated to ten schedules. It contains the following tables:

- (a) Table 1: Status of the Fund from 1991 to 2011;
- (b) Table 2: 1991 – 2011 Summary Status of Contributions and Other Income;
- (c) Table 3: 1991 – 2011 Summary Status of Contributions;

- (j) Table 10: Outstanding Promissory Notes Schedule of encashment as at 1 March 2011

11. Through decision 40/2 paragraph (b) item (i), the Executive Committee at its 40th Meeting requested that the explanation of the methodology and assumptions being used by the Treasurer to be made available through the intranet. This record of assumptions and methodology, first published in the Treasurer's report document UNEP/OzL.Pro/ExCom/39/3/Rev.1, is still available for reference by the Executive Committee members on the Multilateral Fund's intranet.

RECOMMENDATIONS

12. The Executive Committee may wish to:

- (a) Note the report of the Treasurer on the status of contributions and disbursements and the information on promissory notes as contained in document UNEP/OzL.Pro/ExCom/63/3;
- (b) Urge all Parties to pay their contributions to the Multilateral Fund in full and as early as possible.
- (c) Note UNEP's proposal to make provision for doubtful debts in the accounts of the Multilateral Fund in line with the recommendation of the United Nations Board of Auditors.
