4. The Secretariat has undertaken the following tasks in preparation for the 69<sup>th</sup> meeting.

## **Status of resources and planning**

### Balances and availability of resources

For the preparation of document UNEP/OzL.Pro/ExCom/69/4 the Secretariat reviewed the obligated and unobligated balances from completed projects held by agencies, and any agency support costs associated with the funds remaining from those completed projects. The document includes a calculation of the total amount of resources available to the Executive Committee for approvals at the 69<sup>th</sup> meeting, which would be insufficient to fund all project proposals submitted to the 69<sup>th</sup> meeting.

### Status reports and compliance

6. The Secretariat prepared documents UNEP/OzL.Pro/ExCom/69/5 and Add.1, Status reports and compliance, which provides: an update on the status of compliance by Article 5 countries with the Montreal Protocol's control measures; information on Article 5 countries that are subject to decisions of the Parties and recommendations of the Implementation Committee on compliance; data on the implementation of country programmes, including an analysis of ODS consumption data by sector plus a section that addresses the characteristics of national ODS phase-out programmes; information on projects with implementation delays and projects for which special status or specific detailed reports were requested.

## **2013-2015 business plans of the Multilateral Fund**

The agencies' plans address the years from 2013 to 2015 but also include activities expected until 2020. The Secretariat prepared a consolidated version of the agencies' 2013-2015 business plans, as document UNEP/OzL.Pro/ExCom/69/6, which includes information on resource allocation, multi-year agreements

(MYAs) and standard costs, HCFC activities and other activities, activities not required for compliance, adjustments based on existing Executive Committee decisions on business plans as submitted, and performance indicators.

### Monitoring and Evaluation

8. Following the consideration of the terms of reference for the second phase of the evaluation of the MYA projects at the 67<sup>th</sup> meeting (decision 67/7) the Senior Monitoring and Evaluation Officer (SMEO) together with a team of consultants carried out field visits to 8 countries (Bangladesh, Chile, China, Colombia, Egypt, Mexico, India, and Turkey) early in 2013 and prepared case study reports on each country as well as a final report of the evaluation (document UNEP/OzL.Pro/ExCom/69/12). The SMEO also prepared terms of reference for the desk study on the evaluation of the preparatory phase of phasing out of HCFCs, part of the 2013 monitoring and evaluation work programme as UNEP/OzL.Pro/ExCom/69/13.

### Tranche submission delays

9. The Secretariat prepared information on the submission of tranches due to the 69<sup>th</sup> meeting as document UNEP/OzL.Pro/ExCom/69/14 and noted that 14 out of the 28 tranches of MYAs projects that were due to the meeting had been submitted.

## **Project review**

10. The Secretariat prepared document UNEP/OzL.Pro/ExCom/69/15 which included an outline of and statistics on the 48 funding requests received from bilateral and implementing agencies for two new HPMPs, one HCFC production phase-out management plan (to be considered by the Sub-group on the Production Sector), tranches of approved MYAs for the phase-out of either HCFCs, methyl bromide or CFC (part of a tranche), two ODS destruction projects, and work programme activities (one project on promoting low global-warming potential refrigerants for air-conditioning sectors in high-ambient temperature countries, technical assistance for mapping of ODS alternatives, and 12 renewal requests for institutional strengthening projects), amounting to US \$321,934,670, including agency support costs where applicable.
