EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Ninety-first Meeting
Montreal, 5-9 December 2022
Item 5 of the provisional agenda¹

Addendum

COUNTRY PROGRAMME DATA AND PROSPECTS FOR COMPLIANCE

This document is issued to:

- **Add** to the end of paragraph 38 the following sentence:

“After issuance of the document, the Secretariat discussed with the relevant implementing agencies about the potential discrepancies; in all cases, the discrepancies were clarified or resolved.”

- **Replace** Table 13 **with** the following:

Table 13. Differences between 2021 A7 and CP consumption data (ODP tonnes)

Country	ODS	Agency for IS	A7 data	CP data	Difference	HCFC-141b polyol*	Remarks
Burkina Faso	HCFC	UNEP	5.8	6.3	0.6	0.0	A7 data is correct. CP data has been revised.
Costa Rica	HCFC	UNDP	3.3	3.4	0.1	0.0	A7 data included 2.04 mt (0.1122 ODP tonnes) of HCFC-22 destroyed, while the CP data format does not include a provision for reporting destruction.
Dominican Republic (the)	HCFC	UNEP	12.0	12.1	0.1	0.0	CP data is correct. A7 data has been revised.
India	HCFC	UNDP	218.5	236.3	17.8	0.0	A7 data included export of HCFC-225 for feedstock applications, while the CP data format does not include a provision for reporting feedstock export.
Indonesia	HCFC	UNDP	172.8	172.4	-0.5	0.0	The difference is due to the reporting of R-406A under A7 data.

¹ UNEP/OzL.Pro/ExCom/91/1

Pre-session documents of the Executive Committee of the Multilateral Fund for the Implementation of the Montreal Protocol are without prejudice to any decision that the Executive Committee might take following issuance of the document.

Country	ODS	Agency for IS	A7 data	CP data	Difference	HCFC-141b polyol*	Remarks
Indonesia	MB	UNDP	0.0	48.0	48.0		A7 data included the consumption of MB for quarantine and pre-shipment applications which should have also been reported under CP data.
Malaysia	HCFC	UNDP	181.5	181.6	0.02	0.0	A7 data contained a typographical error and will be revised accordingly.
Mexico	HCFC	UNIDO	-90.1	130.3	220.4	0.0	CP data is correct. A7 data has been revised.
South Africa	HCFC	UNIDO	12.7	88.7	76.0	0.0	CP data is correct. A7 data has been revised.

* HCFC-141b contained in imported pre-blended polyols.

- **Replace** paragraph 39 and **add** paragraphs 39(bis) and 39(ter) as follows:

39. At their Thirty-Fourth Meeting, the Parties adopted decision XXXIV/13 on collecting data to understand potential impacts of the COVID-19 pandemic on HFC consumption for Group 1 Article 5 parties. In paragraph 1 of the decision, the Parties encouraged Article 5 parties that believe that their reduced consumption of HFCs during the baseline years of 2020–2022, stemming from the effects of the COVID-19 pandemic, could hinder their ability to comply with the freeze in the consumption of HFCs in 2024 under the Kigali Amendment to submit to the Ozone Secretariat as soon as possible, and no later than 1 May 2023, their HFC consumption data for 2022 in time for consideration at the forty-fifth meeting of the Open-ended Working Group. In paragraph 2 of the decision, the Parties decided, for parties that provide to the Ozone Secretariat by 1 May 2023 their HFC consumption data for 2022, in accordance with paragraph 1 of decision XXXIV/13, to request the Ozone Secretariat to prepare for consideration at the forty-fifth meeting of the Open-ended Working Group: (a) information on the HFC consumption for the years 2020, 2021, and 2022 and the calculated baselines of Group 1 Article 5 parties that have reported relevant data; and (b) information on HFC consumption for the years 2018 and 2019 of Group 1 Article 5 parties where information is available.

39(bis). In paragraph 3 of decision XXXIV/13, the Parties requested the Executive Committee of the Multilateral Fund, at its 91st meeting, to consider requesting the Secretariat of the Multilateral Fund to provide to the Ozone Secretariat any HFC consumption data it has available that could assist the Ozone Secretariat in preparing the information requested under paragraph 2 of the decision.

39(ter). In view of the above, the Executive Committee may wish to request the Secretariat to provide to the Ozone Secretariat any HFC consumption data it has available that could assist the Ozone Secretariat in preparing the information requested under paragraph 2 of the decision.

- **Replace** paragraph 40 as follows:

40. The Executive Committee may wish:

- To note the information on country programme (CP) data and prospects for compliance contained in documents UNEP/OzL.Pro/ExCom/91/8 and Add.1, including that, as at 11 October 2022, 127 countries had submitted 2021 CP data and 17 countries had not done so;
- Further to note that an additional five countries had submitted 2021 CP data after issuance of document UNEP/OzL.Pro/ExCom/91/8;

- (c) To request:
- (i) Implementing agencies to continue assisting Article 5 countries in accurate data reporting of HFC use, including the reporting of manufacture of blends, in the updated revised CP data report format in accordance with decision 90/3(c);
 - (ii) The Secretariat:
 - a. To provide to the Ozone Secretariat any HFC consumption data it has available that could assist the Ozone Secretariat in preparing the information requested under paragraph 2 of decision XXXIV/13 of the Parties; and
 - b. To send letters to the Governments of Burundi, Cameroon, the Central African Republic, the Democratic Republic of the Congo, Mali, Sao Tome and Principe, Suriname and Tuvalu regarding the outstanding CP data reports for 2021, urging them to submit those reports as soon as possible.
-
