THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Thirty-third Meeting
Montreal, 28-30 March 2001

Addendum

COMPLETED PROJECTS WITH BALANCES

This addendum is issued as a result of additional information provided by the Government of France.

Add new para. 24:

24. Subsequent to the dispatch of documents, the Government of France indicated that the remaining balance (FF 78,201) from its refrigeration project in Lebanon (LEB/REF/23/INV/22) should be offset against future approvals. The Sub-Committee may wish to request the Executive Committee to note this intent of France.
