EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Thirty-fifth Meeting
Montreal, 5-7 December 2001

Corrigendum

PROJECT PROPOSALS: MEXICO

Replace paragraph 23 (b), (c) and (d) on page 9 with the following:

- (b) Approve in principle the Foam Sector Phase-out Plan and allocate the amount of US \$833,150 including US \$100,000 as project management funding on condition that UNDP and the Government of Mexico will:
 - (i) implement within a period of 18 months an initial phase of the plan for enterprises which should be identified through an audit of their baseline conditions with the objective of phasing out 145 ODP tonnes. In implementing this initial phase, while exercising flexibility, UNDP and the Government should take due care to ensure that funding of the enterprises selected is consistent with the policies and guidelines of the Multilateral Fund;
 - (ii) prepare final audit(s) of the remaining enterprises and on the basis of such audit or audits prepare the final phase of the plan, including incremental costs, reflecting fully the amount of US \$833,150 approved at this meeting in the final plan and taking into account the comments provided in Annex II to this document, for submission to the Executive Committee not later than its 38th Meeting; and request UNDP to communicate to the Secretariat the results of the audits to be conducted and all other relevant information used to determine the eligible costs of the plan.

- (iii) ensure that the total national Annex A Group I consumption in Mexico is permanently reduced to a level no higher than the 2000 national aggregate consumption reported to the Ozone Secretariat from which has been taken the consumption to be phased out from approved but not yet implemented projects (306.8 ODP tonnes) and the phase-out resulting from the foam sector plan.
- (c) Request UNDP to report on the status of implementation of this initial phase of the plan at its 38th Meeting.
