EXECUTIVE COMMITTEE OF  
THE MULTILATERAL FUND FOR THE  
IMPLEMENTATION OF THE MONTREAL PROTOCOL  
Thirty-eighth Meeting  
Rome, 20-22 November 2002

**Addendum**

**PROJECT PROPOSAL: ECUADOR**

This addendum is issued to:

- **Add** the following paragraph:

12 bis. The Secretariat and the World Bank have agreed on the total project cost at US \$597,945 for the phase out of 37.2 ODP tonnes of MB used as a soil fumigant, representing about 56 percent of the MB baseline consumption in Ecuador.

- **Replace** paragraph 13 **with**:

13. The Executive Committee may wish to consider the project proposal on the basis of the comments presented in document UNEP/OzL.Pro/ExCom/38/31 and Add.1, taking into consideration that:

- (a) a 56 percent reduction in the MB baseline consumption will be achieved through implementation of the project;
- (b) the Government of Ecuador undertook to permanently sustain this reduction in the consumption of MB through implementation of the project and the use of import restrictions and other policies that it might deem necessary; and
- (c) the World Bank will report to the Executive Committee once the project had been completed and the phase-out under the project had been achieved.
