EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Forty-second Meeting
Montreal, 29 March - 2 April 2004

Addendum

PROJECT PROPOSAL: PAKISTAN

This document is issued to report on the conclusions of the discussion of outstanding issues on the project proposal: Phaseout of the use of CFC-11 and CFC-12 in the manufacture of refrigeration equipment at Dawlance, United Refrigeration, Ice Age and at 29 small enterprises).

- **Add** the following paragraphs: 7(bis) to the comments and 8(bis) to the recommendations.

7(bis). Subsequently, the Secretariat received a communication from the World Bank notifying that the Government of Pakistan endorsed a funding level of US \$1,126,855 agreed prior to the 41st Meeting with the understanding that the country would have the flexibility during project implementation to utilize the available resources to address other enterprises in the refrigeration sector in Pakistan, which might be identified at the later stage.

RECOMMENDATIONS

8(bis). The Fund Secretariat recommends blanket approval of the project proposal as contained in the table below with the provisos that the Government of Pakistan has the flexibility to utilize the available resources to address other enterprises in the refrigeration sector, which might be identified during the implementation of the project, and that no further funding will be requested for phase-out of CFCs in the refrigeration sector.

	Project Title	Project Funding (US\$)	Support Cost (US\$)	Implementing Agency
(a)	Phaseout of the use of CFC-11 and CFC-12 in the manufacture of refrigeration equipment at Dawlance, United Refrigeration, Ice Age and at 29 small enterprises)	1,126,855	84,514	World Bank
