- **Replace** paragraph 51 with the following:

For reasons of economy, this document is printed in a limited number. Delegates are kindly requested to bring their copies to the meeting and not to request additional copies.

51. There were 11 countries that might need additional actions to achieve 20 per cent reduction by 2005. Two of these countries had total phase-out agreements (Botswana and Uganda). Three countries had projects for partial phase-out of methyl bromide: Congo, Congo DR and Honduras. Two of the countries without total phase-out agreements (Philippines and Thailand) had projects in the 2004 business plans submitted to the 44th Meeting.

- In the table following paragraph 121, **replace** the header row and footnotes as follows:

Country*	Net Funds Approved**	Net Funds Disbursed**	Phase-out Approved	ODP Phased Out	Number of Projects Approved
----------	----------------------	-----------------------	--------------------	----------------	-----------------------------

* Excluding funds for regional projects.

** Including agency fees.
