EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Fifty-first Meeting
Montreal, 19-23 March 2007

Addendum

REPORT ON BALANCES AND AVAILABILITY OF RESOURCES

This addendum is issued to include UNIDO's report on projects to which miscellaneous charges were assigned and the return of balances for Sweden.

- **Replace Table 1 with** the following:

FUNDS TO BE RETURNED TO THE 51st MEETING (US \$)

Agency	Funds from Completed Projects	Funds from Cancelled Projects	Funds from Ongoing Projects	Funds from Transferred Projects	Total Funds to be Returned to the 51 st Meeting

* YUG/PHA/34/TAS/22 and YUG/PHA/47/TAS/29 including agency fees of 7.5 per cent amounting to US \$16,650.

Pre-session documents of the Executive Committee of the Multilateral Fund for the Implementation of the Montreal Protocol are without prejudice to any decision that the Executive Committee might take following issue of the document.

For reasons of economy, this document is printed in a limited number. Delegates are kindly requested to bring their copies to the meeting and not to request additional copies.

- **Replace** paragraph 4 **with** the following:

4. The balance of funds from transferred projects is a negative figure because it consists of a bilateral contribution recorded as a payment by Canada. Once the transfer is approved, the Treasurer may remove these funds from bilateral contributions thereby reducing the amount of overall contributions. The Treasurer should also transfer US \$238,650 to UNIDO for Serbia's phase-out plan per decision 50/10 as well as US \$254,918 to UNIDO per decision 50/44. It should be noted that Sweden returned a balance of US \$250,860 from its bilateral cooperation project that is being transferred to UNIDO. The net effect of Table 1 on the level of funds available indicated prior to the decision on the transfer in the Status of Contributions (UNEP/OzL.Pro/ExCom/51/3) shows a negative figure of US \$509,364.

- **Add** paragraphs 15 (bis-ter) as follows:

UNIDO's report pursuant to decision 50/44

15 (bis). At its 48th Meeting, the Committee considered a report on the application of miscellaneous income in the agencies' progress reports instead of assigning all costs to either project or administrative costs. The Committee confirmed that the costs approved for implementing agencies should be classified as either project or administrative costs (decision 48/38(b)). In considering the reconciliation of accounts at its 50th Meeting, the Executive Committee noted that UNIDO had written to confirm that it would comply with decision 48/38(b) by assigning miscellaneous charges of US \$361,966 for the period up to December 2005 to either project or administrative costs. It further noted that UNIDO had proposed to absorb US \$107,048 against UNIDO's administrative costs and assign US \$254,918 to project costs. UNIDO's shared responsibility would then be US \$107,048. The Committee requested UNIDO to present in the balances report to the 51st Meeting of the Executive Committee, the list of projects to which the charges of US \$254,918 were proposed to be recorded at that Meeting (decision 50/44(e)).

15 (ter). UNIDO provided a list of projects for the allocation of miscellaneous charges pursuant to decision 50/44 which is attached as Annex II to the document. The funds are being returned against project accounts where there were net balances that had already been returned to previous meetings of the Executive Committee. The return of funds will not result in any project overruns. The Executive Committee may wish to note the return to UNIDO of US \$254,918 for the projects as indicated in Annex II.

- **Replace** paragraph 16 **with** the following:

Total Resources Available for the 51st Meeting

16. The status of contributions and disbursements as at 16 March 2007 indicates that the Treasurer had a balance available amounting to US \$57,516,295 in cash and promissory notes. After accounting for the negative amount in Table 1 of US \$509,364 plus the agency support costs in Table 4 of US \$24,678, the total level of resources available for approvals by the Executive Committee at its 51st Meeting is US \$57,031,609. However, the value of submissions to the Meeting, excluding withdrawals, is US \$68,911,963 of which US \$64,489,263 is requested at the current meeting. Therefore, based on the full value of submissions received by the Fund

Secretariat, there may be insufficient resources to enable the Executive Committee to approve all projects submitted to its 51st Meeting.

- **Add** paragraph 17(bis) as follows:

17 (bis). Due to a difference in agency fees for a bilateral agency and UNIDO, the transfer of Serbia's ODS phase-out plan from Sweden to UNIDO will cost the Multilateral Fund US \$12,210 less.

- **Replace** Recommendation 21 (f) **with:** "Note that US \$57,031,609 (to be updated at the meeting) was available to the Executive Committee for approvals at the 51st Meeting;"
- **Add** Recommendation 21 (h) as follows: "Note the return to UNIDO of US \$254,918 for the projects as indicated in Annex II; and"
- **Add** Recommendation 21 (i) as follows: "Note the return of US \$250,860 from Sweden for the transfer of the Swedish components of Serbia's ODS phase-out plan (YUG/PHA/34/TAS/22 and YUG/PHA/47/TAS/29) and the transfer of US \$222,000 including US \$16,650 in support costs to UNIDO."
- **Add** Annex II as attached.
