Translated documents are dispatched to non native English speaking participants approximately 7 days following the English dispatch. For reasons of economy and pursuant to decision 41/80 (f) of the Executive Committee, documents are dispatched to only one delegate of each Executive Committee country member and one representative of each co-opting country, who were requested to provide copies to other members of their delegation as appropriate. All delegates are reminded to kindly bring their own copies of the pre-session documents to the Meeting as limited copies are available at the documentation booth.

All meeting delegates could obtain the username and password through their heads of delegations to access the Multilateral Fund intranet (www.multilateralfund.org/executive_committee_intranet.htm) to download electronic documents. Members who prefer to use only electronic documentation should inform the Secretariat not to send printed copies.
